

## Short synopsis Breaking Bad

“‘Breaking Bad’ is a family drama about a down-on-his luck, high-school chemistry teacher who turns to cooking meth in order to provide for his family after he is diagnosed with a terminal cancer. Armed with his intellect and the best meth on the market, he will outsmart rival drug kingpins and the DEA to become the biggest, baddest drug dealer in New Mexico. The only thing that scares him more than being killed or locked up is being found out by his pregnant wife and teenage son. It will explore the themes of family, greed and power.”
